

----- GENERAL NEWS -----

Hello All

The 11th Schallwelle-Preisverleihung was held yesterday.
A nice evening with cool concerts and Harald Grosskopf got a lifetime achievement award.
The award speech was a bit long :-) but the concert Harald played after receiving the award was brilliant. What a musician!!
Among the guests in the Room where The great Johannes Schmoelling and Ron Waters. Manuel Gottsching and Spyra.
The food was great and it indeed felt like the Oscars for the EM scene.

The winners where:
Best Artist : Tangerine Dream
Best Album : Jean-Michel Jarre – Equinoxe Infinity
Best Newcomer : Zeitfaktor (Daniel Plöhn)

And they had a new category, "Their own way" to inspire musicians who are finding their way in to the "Wildwackyworld" of Electronic music.
These where the first 5 of them!!
Gunnar Spardel - what I heard was really good!!
Kellerkind Berlin - First CD is in the house going to listen this week!!
Kurt Ader - A magician in sounds his CD is great check the catalog!!
Tonal Assembly - His first CD ill be out on Groove within a few months!
Hagen von Bergen - I like his music and check the shop we have several!

A good initiative, it gives new names more exposure!! Hats off!!

It was cool to meet the winner of last years newcomer Icingwolf.
I found the music she did already great, but now she has a great first CD.
Icingwolf - Sonic Waves for a first release i really like it.

<http://www.groove.nl/index3.html>

We have added it to the catalog and listen to Dreamscape Radio a track is in there.

New Schulze!!

Klaus Schulze's - Timbres of Ice are about to be released.

<http://www.groove.nl/index3.html>

Timbres Of Ice is another raised treasure from the Klaus Schulze cosmos! Re-Issue of the albums, which was part of the strictly limited and long exhausted 2002 5CD boxsets Contemporary Works II.

E-Day 2019!!

In 7 weeks we have E-Day 2019 - April 6th The Enck!

Ticket sales are slowly getting on their way, thanks for all who already pre-ordered!!

The act for the upperroom will be DEMOART.

Planned are the following performances:

- 1) Petersburg - Views of a city
- 2) Video-Revue Demo Art aka Volker Rapp from 1992 until today - a reunion with u.a. Ron Boots, Volker Zimmer (Marla Glen), Jürgen Bruhn (Vulture Dive)
- 3) Valletta - Views of an island

Another reason to join us in the Enck!!

29410 Jarre, Jean Michel - Equinoxe Infinity (Limited Edition) (Boxset)

Never thought that he would be capable of such acts at the age of seventy! It is risky to make successors of your most successful works. Mike Oldfield did it with varying (artistic) success. Jarre himself also threw his breakthrough LP Oxygene twice in recycling. And now then Equinoxe; a praised piece of work by all his fans. Doubt in advance, it would be badly disappointing or with it. Forty years ago, the album just did not make the mega sales of Oxygene, but with the well-known Equinoxe part 5 it still contained a hit potent tune. Equinoxe was also the prelude to the first mega concert by the Frenchman at Place de la Concorde in Paris. The name and fame only increased and Jarre became the best known synthesizer musician in the world and still is today. Someone who has actually become a genre and completely created his own sound. And age does not mean anything because the man is unprecedentedly productive. His oeuvre overview Planet Jarre has appeared cold, the successful Electronica CDs on which he collaborates with all sorts of artists that he has influenced were well received and a world tour is just finished. And now Equinoxe Infinity. From the record company we received the royal box titled Equinoxe Project in which the vinyl from the album from 1978 and the remake is included as well as both versions on CD. Posters of the beautiful artwork and codes to download digital versions of the music complete the whole. It was precisely that cover of original album that inspired Jarre to compose the new music. These so-called mysterious 'Watchers' do they embody good or evil? Are they forerunners of virtual reality and is that new technology good for humanity yes then no? Two scenarios that also contain two different covers for the CD. The above questions are elaborated musically in ten 'movements'. Jarre leaves the pieces that are different in terms of arrangement quite easily flow into one another. As a result, the CD certainly has flow and speed. The stately of the original Equinoxe what almost an electronic suite is just not successful, but as a whole it has become a handsome and charming work. Jarre quotes frequently from his complete discography with sounds and themes that are familiar and also follows the structure of Equinoxe. Striking is the 3rd movement Robots Do not Cry. In one take played and sometimes against the fake. Honest and pure of course, but also proof that Jarre has his limitations as a keyboard player and always knows how to smack his music perfectly with

bleeps, zissers and other enchanting decorations. You'll hear that again in the smooth parts such as Flying Totems, Infinity and The Opening. The bombastic opening with The Watchers and the more ambient and bubbling swinging title piece refers strongly to Equinoxe, but also let sf euren as The Orb knows how to create. With a playing length of lp-length, it is an album that Jarre excels with. Old is cleverly mixed with new and he shows here that he is the man to (still) take into account. And so in the last days of his career, you would think ...

28064 Gandalf - ALL IS ONE-ONE IS ALL

Austria's Heinz Strobl recently celebrated its 35-year-old presence in the trade with a concert at the prestigious Konzerthaus in Vienna. Under his stage name Gandalf he releases an album on average every year, so the discography now has a good length. In recent years his work has been published on the American label Real Music, which specializes in new age. The music of Heinz seems to have softened under the influence of that, where he was always close to the symphony in the eighties and nineties. The best is that due to a lesser role on the later productions for the electric guitar that Strobl always played so beautifully in Steve Hackett style. Also on All Is One - One Is All the piano wins it again, although luckily there is some tension and bombast here and there. For example From The Depth Of The Earth there is a nice threat and an almost symphonic build-up. The cello by Merike Hilmar is also a fixed value on the most recent albums. Multi-instrumentalist Peter Aschenbrenner and Heinz 'son Christian (drums) also often participate on the plates, so also now. I find the vocals of Agnes Milewsky less in the Celtic tinted title track. In the nineties Gandalf already made a record with Tracy Hitchings (Landmarq, Strangers On A Train) in this style. We now know that Clannad-like atmosphere by now. The version here is a very well-worn push-through. A piece of art is the song Where Longings Are Born with a stirring cello and a stately piano. It reminds me of the soundtrack of the Oscar winning film The Piano. Halfway through is the track Paint You A Song; a correct description for the style of Gandalf. The man can paint with sounds as the best on this album inspired by the Canary

Island of La Palma.

SHIPPING:

Due to the fact that we use a special shipping service that provides the shipping of parcels etc we don't have to adjust the shipping prices at this moment. One of the reasons is that because of you our costumers we can keep these prices so low. With over 1500 parcels shipped last year we can stay in the lowest shipping prices!

I am glad we are one of the few suppliers of EM that did not have to raise their shipping prices. So for the 4rth year in a row they stay the same!!

===== Groove info =====

If you missed the last E-News issues they are ALL also on-line!!

<http://www.grooveunlimited.nl/>

===== Where to get Groove =====

As all know you can get all Groove titles on our website www.groove.nl

And for those who like to buy the music as a download we have of course the following outlets:

Most Groove releases are also available as Downloads on the Groove Download page.

Go to <https://shop.groove.nl/> and shop around,

But there are also releases by many other artists among them John Kerr, Remy.

For those who are a customer of CD Baby we have also a lot of titles there for in their program and we try to keep up with the stock there..

And they are also available through I-Tunes and Amazon downloads!
These have been added this year.

Groove is now also on Bandcamp.

The last months we have added new titles and we are adding them daily if the time allows!

<https://grooveunlimited.bandcamp.com/>

You can now order from bandcamp and I hope to add new titles fast!!
