Hi All

Great new release is coming in this Monday!!

GR-276 - Ansgar - Episode I / A NEW GENERATION

<http://www.groove.nl/cd/g/gr-276.html>

Groove has always supported new talent and with Synthex / Jeffrey Haster we might have had the youngest musician with a CD release up to this moment..

BUT ladies and Gentleman and Gender neutrals!!

This week will see the release of Ansgar - Episode I / A NEW GENERATION

<http://www.groove.nl/index3.html>

Here is Ansgar! Let him introduce who he is to you!!

" My name is Ansgar Stock, I'm a 10 years old boy from Germany. Besides the normal things kids do I have something special. I'm composing electronic music and so I'm likely the world's youngest electronic musician.

Musically I like to combine classic electronic music in the style of Jean Michel Jarre, Tangerine Dream and Kraftwerk with various other influences like Techno, Rock, Pop, etc.

At the age of 6 I decided to start playing synthesizers. By doing household chores and saving money and Dad buying second hand instruments for me I managed to establish a small home studio. From 2016 to 2019 I composed and recorded a dozen pieces of music and played live several times in school and at small festivals. I also had

the great honor to compose a long track of music together with Tommy Betzler who is the former drummer of electronic music legend Klaus Schulze.

From 2018 on my tracks were played many times on radio and in the beginning of 2019 I was nominated for winning the Schallwelle Awards for electronic music . In the end I got the 3rd place as a Newcomer and 20th place as an artist in general besides big names like Tangerine Dream, Jean Michel Jarre, Klaus Schulze, etc. In August or September 2019 my debut album "Episode I - A new generation" will be released by the dutch label Groove Unlimited. On 24th, August I will play live again at the Schallwende Festival in Ahlen and on 26th, October at the E-Live Festival in Oirschot. "

There is a nice Youtube film!! Check it out.

The CD will be available at the Schallwende Festival from this great boy. HE will have a stand there so visit him!

And Tangerine Dream - IN SEARCH OF HADES (16 CD + 2 BLU RAY SET) is back in stock!! (just a few came in again! don't wait to long if you want one)

48272 Roach, Steve - Atmosphere for Dreaming

A muffled humming! Like a vibratory hollow wind which lies down peacefully between our ears and turns into welcoming breezes for an organic flora and a paradise for birds of all kinds. Another wave stands out and rises with a seraphic vision, guiding "Atmosphere for Dreaming" even deeper into our inner spirit, where meditation takes many forms. Forms that Steve Roach manages to find and exploit over each album which attracts constantly new followers. Modeled following The Dream Circle, which was originally a canvas of atmospheres for Steve's 90's concerts, "Atmosphere for Dreaming" was developed as part of the concerts in Tucson and Santa Fe, and at Soma FM Broadcasts while the American musician was performing the main lines of Return to the Dreamtime. The music is based on the intertwining of sound waves that Steve Roach opposes to a vast sampling of nature sounds, such as chirping birds and streams flowing in a tundra full of lichens and ferns. The link to make with the Australia's landscapes and soundscapes are obviously great accomplices of our imagination. The structure runs its 73 minutes on repetitive loops, with subtle variances in the sampling structures, which tirelessly forge a long meditative journey where our senses also perceive spiritual hums that we notice even more towards the 50 minutes. The finale is majestic, for fans of the genre, with waves and extremely musical winds that awaken memories of Structures from Silence.

Offered for just \$ 5 on Bandcamp's Timeroom Edition website, "Atmosphere for Dreaming" will soon be available on manufactured CD in late March. Some beautiful meditative music by the undisputed master of the genre.

SHIPPING:

Due to the fact that we use a special shipping service that provides the shipping of parcels etc we don't have to adjust the shipping prices at this moment. One of the reasons is that because of you our costumers we can keep these prices so low. With over 1500 parcels shipped last year we can stay in the lowest shipping prices!

I am glad we are one of the few suppliers of EM that did not have to raise their shipping prices. So for the 4rth year in a row they stay the same!!
